Navilock Working lamp with battery 12 / 230 V 80 LED

Description

The cordless LED working lamp by Navilock with 80 LEDs is versatile and ideal as a portable light source for working at home, in a workshop and at reparing your car, motorcycle or boat. The long-life battery makes it independent from a power source. It is a good companion on the road and during your holidays, as the battery can be recharged via the 110 - 240 V AC adapter or via the 12 - 24 V DC adapter.

N° produit 46092

EAN: 4043619460922

Pays d´origine: China

Emballage: Retail Box
