

Navilock NL-404P serial MD6 GPS / Galileo Receiver Outdoor

Description

The GPS receiver with u-blox 5 SuperSense® chipset can receive WAAS and EGNOS data besides GPS. The u-blox 5 chipset enables you to receive the European navigation system Galileo in the future. The MD6 universal connector enables the connection of optional USB or serial connecting cables. The NL-404P GPS receiver can be installed onto different vehicle roofs (car, truck, bus etc.) by using the included installation material. Thus it can perfectly fit into the vehicle concept, due to its design.

Item no. 60096

EAN: 4043619600960

Country of origin: Taiwan,
Republic Of China

Package: Retail Box
