

Navilock Charging plate for Maxi charger + USB Battery – Panasonic

Descripción

This Charging plate by Navilock with USB interface enables you to charge a Panasonic camera rechargeable battery. You can use it either together with the Navilock MAXI charger (item 61700) or separately with the included USB cable. Thus you do not require any bulky or unhandy charger but charge your battery easily on your notebook or PC. The Navilock Charging plate is ideal when travelling or at home.

Número de elemento 65827
