

Navilock Laptop security cable with 3 lockheads and combination lock for Kensington, Noble Wedge and Nano slot and combination lock

Description

This laptop security lock by Navilock enables to lock different devices e.g. laptop, projector, monitor etc. at any place. The steel cable with its 2 m and 4 digit combination lock can be tied easily around objects like chairs, table-leg or anything similar and thus the device will be saved against theft.

Exchangeable lockheads

The special feature of this security cable are the three included lockheads. They can be changed by simply plugging them on and are exchangeable as required. The three most common lock variants Kensington slot (3 x 7 mm), Noble Wedge slot (3.2 x 4.5 mm) and Nano slot (2.5 x 6 mm) can be secured with this security cable.
