

# Delock 4 Port USB 5 Gbps Hub with USB Type-C™ or USB Type-A connector

## Description

This solid USB hub by Delock with metal housing can be connected to a computer, laptop or mobile device via the **USB Type-A or USB-C™ interface**. It expands the computer by **4 USB Type-A ports**. Different USB devices such as USB flash memory, card reader, external enclosure etc. can be connected.

### Extensive connectivity

Due to the specially designed adapter, the Delock hub can be quickly and easily connected to the USB Type-A socket. Thus, it can be easily connected to new devices with USB Type-C™ female and older devices that only have a USB Type-A connector. The **adapter is located directly on the cable** and therefore it cannot be lost.

### Small sturdy helper

Due to its **small dimensions and its sturdy housing**, this Delock Hub is particularly suitable for travelling. It can simply be packed into the bag together with the laptop or tablet and used as needed.
